

Corporate Governance Support

Recommendations 88, 89 and 90 in the Royal Commission into Aged Care Quality and Safety deal specifically with requiring a high standard of governance on aged care providers. Standard 8 codifies the higher standard expected of organisations and the Aged Care Act deals with specific consequences of failures in governance.

High expectations, significant penalties for failure and a changing governance landscape mean **directors are at increased risk of failing to meet community and regulatory requirements**. Many providers operate under volunteer boards or have directors who have limited professional director roles.

Pride Living Corporate Governance Support is designed to provide governing bodies of aged care providers with the resources they need to ensure they are and can demonstrate they are fulfilling their obligations.

We have a number of tools and templates that boards can use or tailor to suit their needs and we provide board briefings covering Quality and Compliance, Finance and Operations and Strategy and Governance.

You will have access to fourteen (14) Key Board documents including Top Organisation Risks, Board Calendar, Skills Matrix and Key Committee Terms of Reference.
